

Springer Hills

Health Guarantee Contract

This puppy has had first vaccination shots against Parvovirus, Parainfluenza, Adenovirus, and Distemper (5-way), as well as Bordetella (Kennel Cough). The buyer has 3 business days according to this Health Guarantee Contract to have a licensed veterinarian examine the puppy. If he/she finds any life-threatening genetic defects or life-threatening illness, the buyer may exchange the puppy for one of equal value out of any available puppies. Puppy must be returned along with a written vet statement. The buyer agrees to pay any fees associated with the return of the puppy, as well as any fee associated with an exchange of a puppy. We also require the buyer to keep the puppy on a regular vaccination program and routine worming through a licensed veterinary clinic. If the buyer fails to do so the Health Guarantee is VOID. This is for the health and safety of the puppy. Buyer is responsible for all vet care once puppy leaves Springer Hills Farm. Springer Hills Farm has the right to request a 2nd opinion from a different vet clinic at buyer's cost.

Buyer understands that the following slight genetic defects are not considered serious or life threatening, and therefore is not covered: umbilical hernia, undescended testicle, underbite/overbite. In addition, there are certain disorders that may be caused by environmental factors such as allergies, thyroid dysfunctions, mange and other autoimmune disorders that are not covered by this Health Guarantee. Buyer understands that replacement option is only valid when health problems are attributed to a genetic problem and not due to accident, maltreatment, neglect, injury, or illness and disease contracted while in the purchaser's possession. No puppy is guaranteed for temperament, it is up to the buyer to properly socialize the puppy from an early age. It is highly recommended to enroll your new puppy in puppy kindergarten classes as well as continued obedience classes to insure proper growth development and socialization.

There are certain things that can be common in puppies and are therefore not covered under this Health Guarantee. Worms in puppies are very common and puppies are dewormed 3 times before leaving here, at times they will need additional deworming in their new home. Things such as Coccidia, Giardia and Parasites can show up as well due to the stress of changing homes and can be easily treated and are rarely life-threatening.

Health Guarantee Contract

In the unlikely event that a puppy is suspected of being Dysplastic in its first year of life, we will guarantee a replacement puppy as long as this procedure is followed:

1. Notify us by telephone or letter within 10 business days of the diagnosis.
2. The OFA must find the dog to be "Severely Dysplastic".
3. Send us vet statement detailing that the dog has had x-rays, is not overweight for its height and structure, and that it has obtained regular check-ups.
4. The dog must have never been bred.
5. The dog must be in the care of the original buyer.

After meeting the above criteria, you may choose a replacement puppy of equal quality out of any of our litters, subject to availability (return of puppy will be at Springer Hills Farm discretion.) If you choose to replace the puppy with a more expensive puppy the buyer is reliable for the difference in cost. No additional health guarantee will be issued on the replacement puppy.

_____ This puppy is being sold on AKC Full Registration

_____ This puppy is being sold as a PET ONLY. It is understood that the puppy will be Spayed / Neutered and NOT to be used for breeding. The puppy will be spayed / neutered no later than 9 months of age. You are required to furnish the breeder with a copy of the spay / neuter receipt via email or by mailing a copy to Springer Hills Farm. If you fail to do this the Health Guarantee is void and you will be held in **Breach** of the Puppy Sales Contract. The seller has the discretionary right to recover the puppy at the buyer's expense and the buyer forfeits any payments or costs made or inquired.

LEGAL

If for any reason the buyer or the seller have a dispute that needs to be addressed with a court the buyer agrees that ALL legal proceedings will be conducted in the county in which the seller resides.

Health Guarantee Contract

As the seller, I certify that this dog/puppy is free from illness and defects and does not appear clinically ill from parasitic infestations. All information provided is true to the best of my knowledge and belief. I understand that the maximum refund will not exceed the original purchase price of the puppy. I also understand that this guarantee is non-transferable under any circumstances.
